

# INTRALOGIC SOLUTIONS

INTRODUCES

## Sonarcloud

### WHAT IS SONARCLOUD CONNECT?

Sonarcloud Connect allows for the easy management, customization, scheduling and communication of announcements, information updates, bells, custom uploaded music, class transitions, fire drills, lockdowns and more to smart display devices or computers from any device, anywhere.

## We believe better school communication increases safety

Make announcements from anywhere

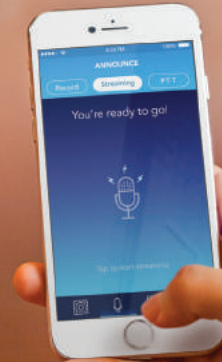

Text-to-speech with translation

Bell schedule

Save lockdown announcements to replay later

Announcements directly to computers and smartboards

Works with all existing PA systems

### Just 3 simple steps...

1

Plug our patent pending device into your PA

2

Open up your SonarCloud App

3

Make announcements from anywhere

### Smart Whiteboard Announcements

1

Don't break the bank, spending a fortune on upgrading your PA system

2

Make Audio and Video Announcements on your Smart White-board

3

Make announcements from anywhere with SonarCloud
